GENERAL COTTON

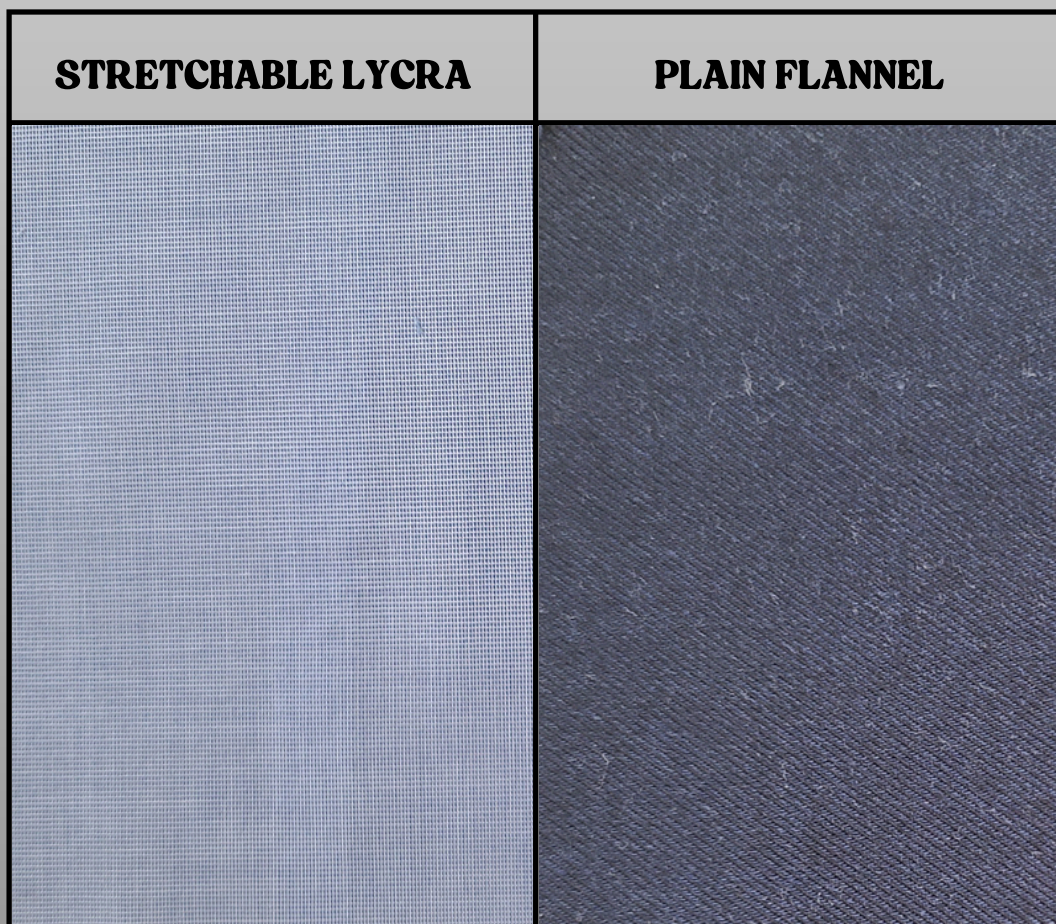

Versatile and breathable, general cotton fabrics are widely used for everyday wear, casual shirts, and light formalwear. Available in various weaves like poplin, satin, and chambray, these fabrics are usually 100% cotton or blended with polyester. Known for comfort, durability, and ease of care.

Available Fabrics: *Irish plain cotton, Poplin cotton, TC cotton, Polo cotton, Satin cotton, Chambray, Crinkle cotton, Kotrai cotton.*

CHECK COTTON

Check fabrics feature patterned designs such as plaid, tartan, and gingham. They are commonly used in shirts, dresses, and casual menswear. Most are woven from cotton or cotton blends, with some including Lycra for stretch. These fabrics add style and character while maintaining breathability.

Available Fabrics: *Cotton flannel check, Check cotton, Mix check cotton, Irish check cotton, Lycra check (stretchable), Burberry check*

TWILL FABRICS

Twill fabrics are known for their diagonal weave, giving them a distinct texture and added strength. They are used in structured garments like trousers, jackets, and denim wear. Typically made from cotton or cotton blends, they are durable, wrinkle-resistant, and heavier than plain weaves.

Available Fabrics: *Plain flannel twill, Cotton shirting twill, Denim cotton*

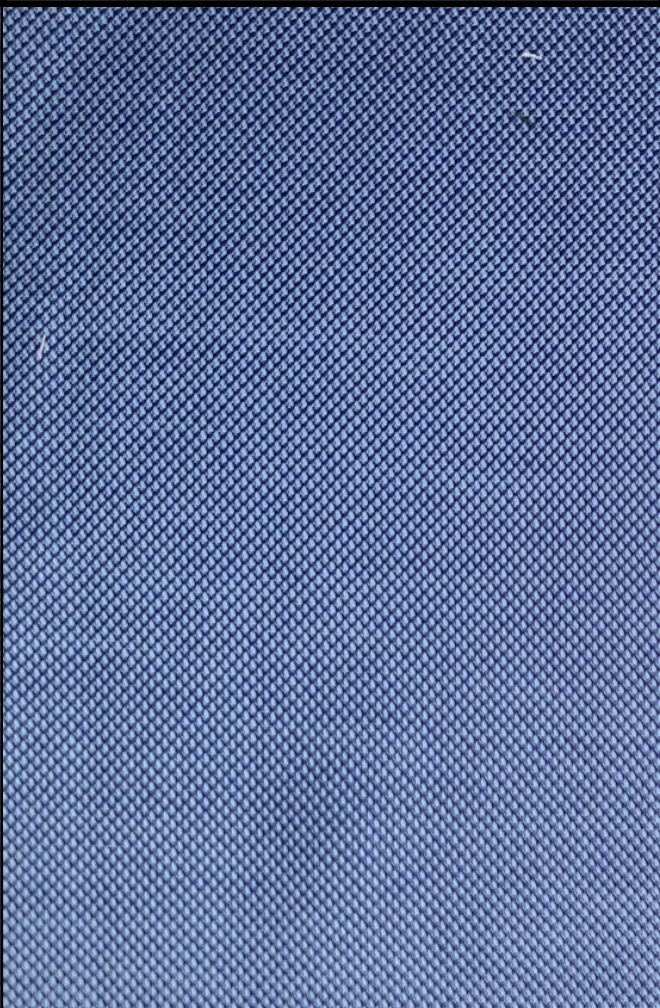

DOBBY FABRICS

Dobby fabrics are woven using a special loom to create small geometric patterns or textures. Ideal for dress shirts and semi-formal wear, these fabrics are usually made from cotton or cotton-Lycra blends. They offer a subtle texture and a refined look without compromising comfort.

Available Fabrics: *Lycra Dobby cotton, Dobby cotton*

LINING FABRICS

Lining fabrics are used as inner layers in garments to add comfort, structure, and a polished finish. They range from lightweight cottons to stretchable Lycra blends and textured options like crinkle lining. Good lining ensures better fit, drape, and garment longevity.

Available Fabric: *Crinkle lining, Flannel lining cotton, Polo lining, Cotton lining, Lycra lining stitch*
